## ST. LOUIS ZOO #1 IN ZAGAT SURVEY

The St. Louis Zoo is ranked the #1 zoo/animal park in the nation, according to Zagat Survey's first-ever "U.S. Family Travel Guide" in association with "Parenting" magazine. The travel guide includes family-oriented ratings and reviews for more than 1000 sites and attractions, including amusement parks, ballparks, historic sites and monuments, national parks, zoos and more.

Not only was the St. Louis Zoo ranked as the top zoo, it also tied for first place with Magic Kingdom, Discovery Cove and Monterey Bay Aquarium as top attraction overall. All four attractions scored highest in child appeal, adult appeal, facilities and service.

Zagat Survey, in association with "Parenting" magazine, surveyed over 11,000 avid travelers to rate family-oriented attractions across the United States.

In its description of the St. Louis Zoo, the travel guide says "not only is this 'wonderful facility' in Forest Park 'a great way for families to spend an entire day,' but 'constant improvements' mean there's 'always something new' to love each time you visit (the 'excellent Penguin & Puffin Coast exhibit' is already 'very popular.')

Admission to the St. Louis Zoo is free.
