

Owl Craft

Materials

- Owl template
- Construction paper or recycled scrap paper (A solid sheet on which to trace the owl and sheets of colors you want your owl to be)
- Glue
- Marker(s)
- Googly eyes (optional)

Directions

1. Print out owl template
2. Cut out the shape of the owl
3. Trace the owl shape on a piece of construction paper, any color will do!
4. Using the colors of construction paper that you would like for your owl, start tearing it apart. Tear all different kinds of sizes for the feathers, they don't have to be perfect! Tear pieces to make the beak and feet as well.
5. If you like, you can cut out circles for the eyes.
6. Start arranging the torn pieces of paper on your owl.
7. When you're happy with your arrangement, start to glue them down.
8. Glue your circle eyes on the owl and use the marker for the pupils or use googly eyes.
