Penguin & Puffin Coast

This frigid and fascinating world begins along the rugged coastline to Humboldt Haven, the outdoor home of our Humboldt penguins. The path leads indoors into two spacious domed habitats. From there, you'll journey through high coastal cliffs to watch king, rockhopper and Gentoo penguins on land and underwater. Then, travel through a rough-hewn cave to Puffin Bay, home to horned and tufted puffins.

Conservation Carousel

**Mary Ann Lee
Conservation Carousel**

Round and round you go! The Conservation Carousel features 64 colorful hand-carved wooden animals, representing protected and endangered species at the Zoo.

The Conservation Carousel is fun for the family and offers a new way to engage families in discussions about wild animals and the need for their conservation. It's hard to decide whether to climb on a cheetah, warthog, hippo, polar bear, Grevy's zebra, Humboldt penguin or other exotic figures.
