M&M's

Beat the summer heat with orangutan-friendly ice cream!

Orangutans and many other animals are in danger due to unsustainable palm oil plantations, which destroy their forest homes. Palm oil can be found in many products—even ice cream!

Consider purchasing ice cream that contains sustainable palm oil. Listed to the right are companies that use sustainable palm oil in their products.

Learn more about palm oil

Visit the Saint Louis Zoo website at stlzoo.org to learn about palm oil and how it affects animals.
