POLICY ON
MINORITY & WOMEN
OWNED BUSINESS PARTICIPATION ON
SAINT LOUIS ZOO
CONTRACTS

Revised: July 15, 2021
POLICY ON
MINORITY AND WOMEN OWNED BUSINESS
PARTICIPATION ON
SAINT LOUIS ZOO CONTRACTS

SECTION ONE: POLICY

It is the policy of the Saint Louis Zoo that minority and women-owned businesses, as defined herein, shall have the maximum opportunity to participate in the performance of contracts or sub-contracts of the Zoo. The Zoo shall take all necessary and reasonable steps to ensure that said businesses have the maximum opportunity to compete for and perform under all Zoo contracts. The Zoo or its Contracting Agencies shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts.

The method that the Saint Louis Zoo shall employ to implement this policy is the establishment of a goal of at least 25% Minority Business Enterprise participation and at least 5% Women Business Enterprise participation in contracts and purchases wherein Zoo funds are expended. This goal shall be pursued by the programs described below.

SECTION TWO: PROGRAM ADMINISTRATION

1. The Chief Financial Officer for the Saint Louis Zoo shall be charged with the overall responsibility for the administration and enforcement of this Policy on Zoo Minority and Women Owned Business Participation on Saint Louis Zoo Contracts. The Director of Procurement shall be charged with establishing procedures & implementation for the purpose of monitoring the Zoo’s overall performance with respect to Minority and Women Business Enterprise participation. The duties and responsibilities of the Director of Procurement shall include:
   a. Developing and distributing a directory of certified M/WBE businesses.
   b. Reviewing on a regular basis, the progress of the Zoo toward achieving the goals for the utilization of Minority Business Enterprises and Women Business Enterprises and making an annual report in the first quarter of each year to the Zoo Commission, reporting that progress which has been made, together with recommendations as to such further remedial action that should be taken, if any.
   c. Monitoring the Zoo throughout the duration of contracts to ensure that all efforts are made to comply with the requirements of this policy.
   d. Certifying whether or not the requirements of this policy have been satisfied before contracts are signed or countersigned.
   e. The advertisement for bids, if any, shall appear in the St. Louis Post Dispatch and the St. Louis American no later than 21 days before bids are due on specific contracting opportunities, except where the contracts are awarded on an emergency basis.
   f. All contract solicitations shall include this M/WBE policy and any other materials required.
2. It shall be the responsibility of each bidder and proposer to adhere to procedures and provisions set forth in this policy:
   a. Each bidder and proposer must complete an M/WBE Utilization with Assurance Form and identify therein its commitment, if any, to utilize MBE’s and WBE’s. Any failure to complete and sign the M/WBE Utilization Form will result in the bid or proposal being declared nonresponsive and disqualified. In the response to an invitation to bid or request for proposal, the bidder or proposer shall include the names of Minority and Women Business Enterprises to whom it intends to award subcontracts, if any, the dollar value of the subcontracts and the scope of work to be performed.
   b. It is the bidder’s or proposer’s responsibilities to ensure all M/WBEs projected for use have been certified by recognized agencies, including local and national minority supplier development councils, women owned business development centers, Local, State, and Federal government agencies, or nationally recognized chamber of commerce prior to bid opening. The Zoo will not accept self-certification or certification in process.
   c. Whenever additional contract supplements, extra work orders or change orders are made that individually, or in aggregate, increase the total dollar value of the original contract, the contractor shall make every effort to maintain the level of M/WBE participation as established in the original contracts.
   d. The awardees of a contract must, for the duration of their contract, submit a copy of executed agreements with the M/WBEs being utilized. Awardees will be required to submit M/WBE workforce participation at the end of each calendar fiscal month as well as annually at calendar fiscal year’s end.
   e. The prime contract bidder must declare their workforce demographics upfront at time of the time of bid. Workforce, as defined by the Zoo, is the entire labor pool for a single company including professional and labor staff.
   f. The prime contract bidder should break its subcontracts down into discrete items or packages that at least some of the M/WBEs in the relevant area may find economically feasible to perform.
   g. The prime contract bidder should not deny a subcontract to an otherwise qualified and competitive M/WBEs solely because the latter cannot perform an entire package of related items, but the bidder may deny a request to repackage the work where doing so would jeopardize scheduling or increase that bidder’s cost of performing the original package by more than 5%.
   h. The Zoo shall use at least part of any pre-bid meeting to encourage prime contractors and M/WBEs to work together, providing an opportunity for all firms to identify themselves and for all M/WBEs to identify the type(s) of work that they perform. The Zoo should also emphasize that it expects all firms to perform a commercially useful function.
   i. The Zoo shall prepare monthly reports concerning its progress in achieving the goals established in this policy.
   j. Change orders whether made individually or in the aggregate, which alter the total dollar value of the original contract must maintain the level of M/WBE participation as established in the original contract. If the Contractor is unable to meet its M/WBE contractual commitment, it must submit documentation of reasons for failure to meet the goals.

3. Bonding and Insurance
   The prime contract bidder should be encouraged not to deny a subcontract to an otherwise qualified and competitive, and if necessary, certified M/WBE solely because the latter cannot provide a
performance or payment bond for the work, unless the bidder’s bonding is contingent upon bonding for all subcontractors.

4. Written Policy
Independent and apart from its interest in any one project, the prime contract bidder should have a written policy stating that it affirmatively supports subcontracting to M/WBEs and that bringing such firms into the mainstream of the involved industry is a priority for that firm. This policy shall be made available to the Zoo upon request.

5. Liaison with M/WBEs
Independent and apart from its interest in any one project, the prime contract bidder should assign a senior official the responsibility of serving as a liaison between the firm and the M/WBEs in the relevant area.

6. Scope Letter
At least five business days before the date on which bids are due, the M/WBEs should also give the prime contract bidder a scope of work letter that defines the items that the M/WBE would like to perform.

SECTION THREE: ZOO CONSTRUCTION AND IMPROVEMENT CONTRACTS

This section shall be applicable to all contracts let for Zoo construction or improvements.

MBE and WBE participation shall be counted in accordance with the following provisions:

1. The Zoo may count MBE or WBE participation only expenditures to MBEs and WBEs that perform commercially useful functions in the execution of a contract. An MBE or WBE is considered to perform a commercially useful function when it is responsible for executing a distinct element of the work and carrying out its responsibilities by actually performing, managing and supervising the work involved. To determine whether a MBE or WBE is performing a commercially useful function, the Zoo will evaluate the amount of work subcontracted, industry practices and other relevant factors.

2. The Zoo may count as a MBE or WBE participation the total dollar value of a contract with a MBE or WBE prime contractor less any amount that is subcontracted to non- MBEs/WBEs (including any persons or firms that are identified as MBE and/or WBE but are not so certified by a certifying authority).

The joint venture must be certified by a Certifying Authority (as defined below) and the MBE and WBE participation in the joint venture must be responsible for a clearly defined portion of the work to be performed, equal to a share in the ownership, control, management, responsibility, risks and profits of the joint venture.
5. The Zoo may count toward a bidder’s MBE and WBE goals expenditures for material and supplies obtained from M/WBE suppliers and manufacturers, provided that the M/WBE assumes the actual and contractual responsibility for the provision of materials and supplies.
   a. The Zoo may count a bidder’s entire expenditure to a M/WBE manufacturer. Manufacturer is defined as an individual or entity that produces goods from raw materials or substantially alters them before resale.
6. The Zoo may count as MBE and WBE participation the entire expenditure to certified MBE or WBE supplier, when the supplier:
   a. Assumes the actual and contractual responsibility for furnishing the supplies and materials; and

   c. Owns or leases a warehouse, yard, building or whatever other facilities are viewed as customary or necessary by the industry; and

If a firm listed by a bidder in its bid documents has not been so certified as MBE or WBE, the amount of participation it represents will be deducted from the total MBE or WBE participation proposed by the bidder.
8. Joint ventures or mentor-protégé relationships between prime contractors and subcontractors with local MBE and WBE firms are encouraged.
9. Representatives of the Zoo or its designee shall make periodic visits to the project site to verify minority and women’s business enterprise participation and staffing.
