Let the Saint Louis Zoo Come to You!

While we're always happy to have groups come to the Zoo for a program, we know it is not always possible. So we also offer outreach programs that can be presented at your site. We provide programming for anyone, from ages 2-102, including schools, libraries, senior groups, scout groups, day cares and numerous other community organizations. All of our programs can be adapted to fit your group's unique needs.

Each program offers educational content, live animal interactions and displays of various objects from the animal world. Our minimum group size is 10, with a maximum group size of 30. For groups larger than 30, we do offer larger assembly programs. For programs for students with special needs, our minimum group size is eight, with a maximum of 16.

What Is the Cost Associated With the Programs?

Groups within the Zoo-Museum District of St. Louis City and County receive discounted pricing on some programs. Advance registration and full payment is required for all programs.

Video conferencing programs

The Saint Louis Zoo presents programs using state-of-the-art Polycom videoconferencing equipment. Connect with us to take virtual tours of various areas of the Zoo and learn about animal adaptations, habitats and conservation programs. All programs are interactive and utilize live animals from our Children's Zoo, pre-recorded video footage and other means to create a memorable learning experience.

The Saint Louis Zoo is grateful to receive support for its Distance Learning Program and Zoo TV from the Tilles Foundation.
